INSTRUCTIONS

1. Use marker to lightly sketch out lines on the dog for where you will use different colors. We did a circle around the eye, an oval on the chest, the tip of the tail, and the bottom half of the legs.
2. Fill in the following areas with 2 coats of Snowflake: the chest, and the tip of the tail.
3. Fill in the following areas with 3 coats of Pretty In Pink: the top of the ears, the nose, the tongue, and the bottom half of the legs.
4. Paint the remainder of the body of the dog with 3 coats of Chiffon.
5. Use a detail brush to fill in the eyes with 3 coats of Fresh Heather.
6. To help the color fade between the colors on the legs, paint more Chiffon to the top of the leg and then lightly tap on Pretty In Pink where the colors meet with a sponge to blend.
7. Use a detail brush to outline the eyes and add the pupil with Licorice
8. Finally, dip the handle of the detail brush into Snowflake and tap a highlight on each eye.

TIPS

- When using a detail brush, the harder you press on the brush the heavier the lines will be.
- 3 coats of paint will give you a solid color.
- The colors will blend best with a sponge when both colors are wet.
- After you dip the sponge into the paint, tap off the excess on a paper towel.
